

Dear Sir or Madam,

It is a great honor that I have an opportunity to participate the CAAA council election. I am very happy if I could get involved in the work of the association. I would like to share my opinions with the leaders and other council members, and provide excellent services for our members! I have love and passion for acupuncture and Chinese traditional medicine. I will dedicate myself to the development and promotion of acupuncture Chinese medicine in Alberta if I could be elected as a member of the council.

Wishes

Wencui Tang
